**STRUCTURAL ENGINEERS REGISTRATION LIMITED
JERSEY CERTIFICATE OF DESIGN (BUILDING STRUCTURES)
NEW BUILDING**

PART A: To be completed by Approved Certifier of Design.

Description of work:	
-----------------------------	--

I certify that, having exercised reasonable skill care and diligence in consideration of the design proposal for the project described above and detailed on the plans accompanying this certificate:

1. The structural design complies with all relevant requirements of Part 1 of the second schedule to the building bye-laws (Jersey) 2007.
2. Where this certificate relates to a staged certification, the design of this stage is consistent with the design of any previously certified stages.
3. I am registered by the States of Jersey Planning and Environment Department as competent to certify the design of such work.

Note 1. This certificate has been issued in support of an application for a building permit under the building bye-laws (Jersey) 2007 only and must not be used or relied upon for any other purposes including under any contract to which the Certifier is not a party.

Note 2. This certificate relates solely to the design of the building (or the stage of construction to which this certificate relates) and does not certify any aspects of construction.

Note 3. This certificate must be read in conjunction with the accompanying Schedule 1 which lists the drawings, details and calculations that have been assessed for the purposes of issuing this certificate.

Note 4. Any structural details which have yet to be designed and which are not covered by this certificate are listed in the accompanying Schedule 2.
